Re: Notice-only change No. 053-16979
Plant ID: 053-00056

Dear Mr. Olsen:

Packaging Corporation of America, located at 520 South First Street, Gas City, Indiana 46933, has been issued a Registration 053-15665-00056, on September 24, 2002 for a corrugated box manufacturing plant. The source has submitted a notice-only change on December 23, 2002. The source requests to install the following equipment:

- (a) One (1) Laminator identified as LC-115, with a maximum rate of 27 pounds of glue/adhesive per hour using flow coat application, exhausting through the general building ventilation system, identified as ID # 003.

Based on the Material Safety Data Sheets(MSDS), the glue/adhesive that will be used does not contain volatile organic compounds (VOC), hence the new laminator will not emit VOC. No particulate matter will be emitted either; therefore, the laminator is exempt according to 326 IAC 2-1.1-3(d).

Any change in the type of glue/adhesive used at this laminator which may result in VOC emissions that will change the source registered status must be approved by the Office of Air Quality (OAQ) before such change may occur.

Questions should be directed to Aida De Guzman, OAQ, 100 North Senate Avenue, P. O. Box 6015, Indianapolis, Indiana 46206-6015, or call (800) 451-6027, press 0 and ask for Aida De Guzman or extension (3-4972), or dial (317) 233-4972.

Sincerely,
